

Technical features:

- Zinc plated steel case
- Nickel-plated steel dead-bolts:
n° 4 for the lower lock
n° 1 for the upper lock
- Nickel-plated reversible steel latch
- Can be fitted with additional locking points
- Packing: 1 or 5 pcs. (industrial wrapping)

Operation:

- **VERSION WITH SECURITY FUNCTION:** the upper lock blocks the lower lock when the latter is locked
- **VERSION WITH SERVICE KEY:** the upper lock key operates the latch and upper dead-bolt
- **VERSION WITH SERVICE KEY AND OPENING LIMITING DEVICE:** the upper lock key operates the latch and upper dead-bolt; the

opening limiting device is activated by operating the first throw of the upper lock

Supplied as standard:

- Keys (only for those items with double-bit key locks)

Cylinder to be ordered separately
